Trion, Georgia 30747

Professional Summary and Career Objective:

- I have nearly 10 years of experience within the concrete industry, and the various responsibilities I have had over my work history has allowed me to accumulate a knowledge of concrete application and its behaviors. I have intentions of finding an environment where I can continue my experiences and learning, while being a dependable asset that fosters progress and productivity.

Experiences:

- **Mechanical Apprentice** *(September 2023 – Present) Coley and Norton Mechanical - Trion, Ga.*
    - Assembling/Dismantling of Machinery, Pouring Structural Concrete, Steel erection, Millwrighting work

- **Concrete Project Manager** *(March 2023 – September 2023) Cox Concrete - Chattanooga, Tn*
    - Overseen a crew of 5-15 finishers for residential/commercial concrete pours. Maintained communication with customers and General Manager, also relayed job specifics to finishers to ensure quality. Coordinated materials and equipment for jobs

- **Laborer/Helper** *(July 2022 – March 2023) Elite Millwright Services - Leesburg, Tn*
    - Performed millwright and mechanical maintenance services in the paper and pulp industry mills along the southeastern U.S.

- **Project Engineer** *(July 2021-June 2022) C.W. Matthews Contracting Company – Major Projects, Atlanta, GA*
    - Involved in heavy civil projects located within Hartsfield-Jackson Atlanta International Airport. Responsible for submittals, reporting daily quantities, Payroll submissions, Envision Reporting, DBE participation monitoring.

- **Field Technician** *(August 2020-January 2021) - Collier Engineering, Nashville, TN*
    - Continued similar responsibilities as an intern, while increasing exposure to diverse situations involving geotechnical issues

- **Intern** *(May 2020 - August 2020) Collier Engineering, Nashville, TN*
    - Served as an on-site technician. Performed duties such as fill observation, concrete testing, rebar/formwork inspections, along with lab experience

Candidate provided by iHire Construction

- **Intern** *(May 2019-August 2019) - Breckenridge Material Company, St.Louis, MO*
    - Sampled and tested concrete for quality purposes. Communicated results with batch-men to consistently achieve jobsite specifications of concrete.

- **Concrete Finisher / Laborer** *(January 2014 – May 2019) Dixie Concrete Inc., Summerville, GA*
    - Responsible for grading, sub-grade prep, building and removing formwork, steel reinforcement placement, and concrete placing/finishing

Education:

- *Middle Tennessee State University, College of Basic and Applied Sciences (2017-2021) Murfreesboro, Tn*
    - Bachelors of Science
    - Major- Concrete Industry Management
    - Minor- Business Administration
- Trion High School (*2013-2017) Trion, Ga*

Skills:

- Can operate some heavy machinery (skid steer , fork lift, mini excavator)
- Can use tools and methods to excavate, grade, form, place, and finish concrete
- Can test ready mixed concrete for temperature, slump, air content, unit weight, and make samples for testing
- Can utilize laboratory equipment for concrete testing of compressive strength and other various tests
- Familiar with utilizing construction management software such as Bluebeam, Revu, Excel
- Can complete takeoffs for concrete projects and complete project submittals, RFI's, blueprint revisions
- Can utilize tools and methods practiced in the mechanical/millwright industry
- Can organize and lead a concrete project

Certifications/Training:

- ACI Field Technician - Level 1
- ACI Concrete Flatwork Technician
- . CPR/First Aid
- Worksite Erosion Control Supervisor
- . Worksite Traffic Control Supervisor
- Competent Person Trenching and Excavation
- Confined Space
